JOB OPPORTUNITY

Kakisiwew School

POSITION: Middle Years Math Teacher

Purpose of the position:

The teacher works under the supervision and direction of the Principal and Ochapowace Director of Education. An elementary math teacher is responsible for providing an educational setting where students will be able to achieve their intellectual, psychological, physical and emotional growth. It is important that a teacher follows the curriculum guidelines and standards, establish good relationships with parents, and volunteer to help in the success of the students outside the classroom.

Summary of Duties:

Middle years math teachers instruct grades 6 – 9 math. The math teacher may also introduce other subjects that include math, reports are done regularly in accordance with policies of the school, in developing and co-ordinating student activities, daily record keeping or daily plan, assemble students for school assembly or at breaks, attend staff meetings as convened by the Principal or the Portfolio Councillor, follow policies and regulations determined by the Director of Education, and any other duties as may be assigned by the Principal or the Director of Education.

Requirements:

- Degree in Education and valid Saskatchewan Teaching Certificate.
- Must be friendly, dependable and possess a professional demeanour.
- Ability to interpret and implement policies and procedures.
- Excellent multi-tasking and decision-making skills.
- Communicate clearly and concisely orally, and in writing.
- Must be flexible and able to work well independently and with a team.
- Knowledge about Ochapowace First Nation, and First Nation culture and traditions.
- Must be able to obtain and maintain a CPIC security clearance and a current drug test.
- Must provide three (3) current written references.

Apply: **Deadline: June 12, 2020**

Qualified applicants may apply by email to:
